

## ALTERNATIVE EDUCATION License (WI 1952)

**This short, impactful program doesn't just expand your credentials — it expands your ability to transform lives.**

**Traditional learning environments don't work for every student — and educators know it.** More and more learners thrive when they're part of smaller, more personal settings that connect academics with real-world purpose. That's where alternative education comes in — and where passionate educators like you can make all the difference.

Marian's 100% online Alternative Education Licensure program:

- Only requires two courses (six credits) and is in a seven week format
- Does not require completion of a master's degree
- Allows a person who already holds a Wisconsin teaching license to teach in alternative education programs (grades 6–12)
- Focuses on developing inclusive, supportive environments that foster belonging, accountability, and lifelong growth

## Make education work for every learner.

Marian University's Alternative Education Licensure program is designed in a 7-week format for teachers (who already hold a Wisconsin teaching license) and administrators who are ready to reimagine learning. You'll gain the knowledge, tools, and strategies to design, lead, and support programs that help at-risk, vulnerable, and disengaged students succeed. You'll explore best practices from across Wisconsin — from early intervention programs that help students get back on track to last-chance opportunities that turn setbacks into second chances.

**Start your journey toward Wisconsin Alternative Education Licensure!**

### AEL (Licensure Only) — 6 credits

EDU 636	Understanding Alternative and Non-traditional Learners	3
EDU 638	Effective Schools Research: What Works	3
	Final Reflective Paper (Due at completion of program)	0

Total credits 6
