

MARIAN UNIVERSITY

Master of Arts in Education Area of Focus

AT RISK AND ALTERNATIVE EDUCATION

For licensed teachers and non-teachers alike, this 100% online program will prepare you to effectively work with at-risk learners in any educational setting. Research shows that at-risk youth are much more likely to disengage from school, but because of people like you — it doesn't have to be this way.

Perfect for anyone involved in educating, counseling, coaching, or administering youth, and only requiring a bachelor's degree and a desire to make a difference, you'll learn to:

- Recognize risk factors for vulnerable youth
- Quickly assess the needs of youth in your care
- Design and implement alternative education methods and strategies

"My time in the program has been profoundly impactful, both personally and professionally. I would go as far as to say I'm a fundamentally different person and better educator as a result of attending Marian."

Benjamin J. Laarman '20
Alternative Education Teacher and Coach
at Niagara High School, Niagara, Wis.
